# A **Legacy** of Reliability and Innovation

Tafaoul Arabian Trading & Contracting Est. (TATC) is a premier provider of transportation, loading, and unloading services, specializing in steel bars and billets. Since our founding in 2000, we have built a reputation for reliability and efficiency.

We leverage advanced equipment, including cranes, trucks, excavators, loaders, and dump trucks, to handle heavy industrial materials with precision. Our commitment to safety and efficiency is supported by a skilled workforce.

Dedicated to optimized  
logistics and customer-  
centric solutions.

66

**Precision  
Handling, Seamless  
Solutions.**

We ensure to meet the complex demands of our diverse clientele.

## Our Vision

To be the leading provider of industrial solutions in the region, recognized for our excellence, reliability, and innovation.

## Our mission

**TATC** delivers client success through efficient and safe operations, providing: superior heavy equipment, earth-moving machineries, ferrous & non-ferrous metal trading, and comprehensive manpower services. We are dedicated to superior transportation, handling, and manpower solutions.

66

Your Reliable Partner in Industrial Logistics.

## Our Values

**Integrity:** Conducting business with honesty and ethical standards.

**Quality:** Maintaining high standards in all our services.

**Reliability:** Delivering on our commitments with consistency and dependability.

**Adaptability:** Responding to changing client needs with flexible solutions.

**Efficiency:** Optimizing processes for timely and cost-effective solutions.

**Safety:** Prioritizing the well-being of our employees and clients.

# Director's Statement

## Building Long-Term Partnerships:

We prioritize trust and collaboration  
to create lasting value.

### We Strive For the Best

We strive for the best by relentlessly pursuing excellence in every aspect of our operations. From meticulous planning to precise execution, we are committed to delivering results that exceed expectations. Our dedication to continuous improvement ensures that we consistently raise the bar, providing our clients with unparalleled service and value.

At TATC, our dedication to industrial excellence is unwavering. We strive to be more than just a service provider; we aim to be a strategic partner in our clients success. Our core principles revolve around safety, reliability, and continuous innovation.

We invest in our team and technology to ensure we deliver exceptional, adaptable solutions that meet the demands of a dynamic industry. We believe in building lasting relationships based on trust and mutual growth.

Our vision is to empower our clients to achieve their goals by providing seamless and efficient operations.

We are committed to navigating the challenges of today and shaping the opportunities of tomorrow.

---

Driving Industrial Progress: We are committed to fostering growth and efficiency across all sectors we serve.

66

TATC has consistently delivered exceptional service, handling our complex logistics needs with precision and efficiency. Their commitment to safety and timely delivery is unmatched, making them a trusted partner in our operations. We highly recommend CTTC for any industrial project requiring reliable and professional support.

# Your Partner for Reliable Industrial **Solutions**

Choosing TATC means partnering with a team dedicated to your project's success. We combine a robust fleet of well-maintained equipment with a highly skilled workforce, ensuring safety and efficiency at every stage. Our commitment to optimized logistics and a customer-centric approach guarantees tailored solutions that meet your specific needs, making us your reliable partner in industrial operations.

## Reliable Fleet & Equipment

Well-maintained machinery for seamless operations.

## Skilled Workforce

Certified operators and trained personnel.

## Safety & Compliance

Strict adherence to industry safety standards.

## Efficient Logistics

On-time deliveries with optimized routes.

**RELIABLE PARTNER  
IN INDUSTRIAL  
OPERATIONS**

### **Customer-Centric Approach**

Tailored solutions to meet specific business needs.

# Core Services

## 01. Steel Transportation Services

TATC provides secure and efficient transportation of steel bars and billets, utilizing a fleet of specialized trucks designed for heavy loads.

Our optimized logistics and route planning ensure on-time delivery, minimizing downtime and maximizing project efficiency.

We prioritize the safe handling and transport of materials, adhering to strict industry standards.

We understand that the timely and secure transportation of steel materials is crucial for your projects. Our commitment to efficiency and safety ensures that your materials arrive when and where you need them, allowing you to maintain project schedules and minimize downtime.

Utilizing trucks specifically designed to handle the weight and dimensions of steel bars and billets.

Employing rigorous safety protocols to protect materials during transit.

Ensuring efficient routes and timely deliveries to minimize project delays.

Providing clients with up-to-date information on their shipments.

DRIVEN BY  
QUALITY, DEFINED BY  
RESULTS.

Quality. Reliability. Results.

# Core Services

## 02. Loading & Unloading Operations

We offer comprehensive loading and unloading services at ports, warehouses, and construction sites, handling steel materials with utmost care.

Our operations utilize cranes, loaders, and forklifts, operated by trained personnel who ensure precision and safety.

TATC's expertise in material handling guarantees efficient and damage-free operations.

# Core Services

## 03. Heavy Equipment Rental & Operations

**TATC** provides a wide range of heavy equipment for rental and operation, including:

- Cranes for heavy lifting and positioning.
- Excavators and loaders for material handling and site preparation.
- Dump trucks for hauling and disposal services.

All equipment is well-maintained and operated by certified professionals, ensuring reliable performance.

# Core Services

## 04. Skilled Manpower for Industrial Operations

We supply skilled operators for cranes, trucks, and other heavy machinery, as well as trained workers for loading and unloading tasks.

Our certified professionals ensure compliance with industry safety standards and contribute to project efficiency.

TATC's manpower solutions are tailored to meet the specific needs of our clients.

# Core Services

## 05. Ferrous and Non-Ferrous Scrap Trading

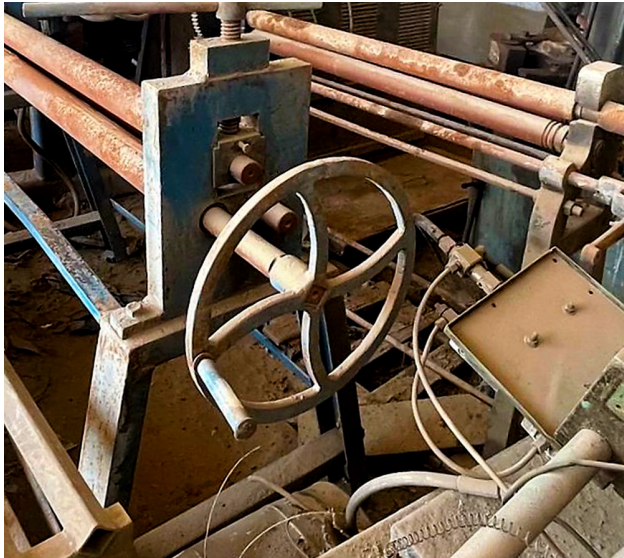

**TATC** offers extensive scrap trading services, dealing in both ferrous and non-ferrous metals. We are committed to sustainable recycling practices, contributing to environmental conservation and resource efficiency.

Our expertise ensures efficient collection, processing, and distribution of scrap materials, providing competitive prices and reliable service.

- **Ferrous Scrap:** Handling HMS1, casing pipes, drill pipes, rolling scrap, drum bundles, drum sheets, and LMS.
- **Non-Ferrous Scrap:** Specializing in copper (cables), aluminum (radiators, car parts, lighting fanoos, doors), and stainless steel (pipes).
- **Environmental Responsibility:** Promoting eco-friendly recycling practices.
- **Competitive Pricing:** Offering fair and transparent pricing for all scrap materials.

# Core Services

## 06. Advanced Shredding and Processing Capabilities

TATC operates a state-of-the-art shredded plant, enabling efficient processing and preparation of scrap materials for recycling.

Our advanced shredding technology ensures high-quality output, maximizing resource recovery and minimizing waste.

- **High-Efficiency Shredding:** Utilizing advanced machinery for optimal processing.
- **Resource Recovery:** Maximizing the recovery of valuable materials.
- **Quality Output:** Ensuring consistent and high-quality shredded materials.
- **Environmental Compliance:** Adhering to strict environmental standards.

# Core Services

## 07. Comprehensive Construction and Infrastructure Solutions

**TATC** provides vital support for construction and infrastructure projects, specializing in backfilling and compaction services.

Our fleet of heavy equipment, including rollers, excavators, graders, loaders, and dump trucks, ensures efficient and reliable site preparation and material handling.

- **Backfilling and Compaction:** Expert services for site preparation and stability.
- **Heavy Equipment Fleet:** Utilizing rollers, excavators, graders, loaders, and dump trucks.
- **Site Preparation:** Ensuring efficient and timely project commencement.
- **Material Handling:** Reliable transport and placement of construction materials.

# Core Services

## 07. Specialized Handling of Mill Scale and Ladle Slag

TATC specializes in the handling and processing of mill scale (fine scale) and ladle slag/ladle skull, essential materials for ferro alloy recycling and billet production.

Our expertise in this area supports the recycling industry, contributing to sustainable material utilization.

- Mill Scale (Fine Scale): Handling and processing for ferro alloy recycling.
- Ladle Slag/Ladle Skull: Specialized handling for billet production.
- Ferro Alloy Recycling: Supporting sustainable material utilization.
- Industry Expertise: Providing specialized services for specific industrial needs.

# Serving Key Industrial Sectors

TATC serves a broad range of industries, including but not limited to:

---

## 01 Steel Manufacturing & Distribution

We facilitate the movement of raw and finished steel products, ensuring a seamless supply chain from production to distribution.

Our expertise in handling heavy steel materials supports the efficient operation of steel mills and distribution centers.

## 02 Construction & Infrastructure Projects

We provide essential logistics and material handling support for large-scale construction and infrastructure developments.

Our equipment and manpower ensure timely delivery and placement of materials, contributing to project efficiency.

## 03

### Logistics & Warehousing

We offer reliable transportation and handling services for warehousing and distribution operations.

Our specialized equipment and skilled personnel streamline the loading, unloading, and movement of heavy goods.

## 04

### Industrial Operations

We support industrial operations with heavy equipment rental and material transportation.

Our capabilities ensure the efficient movement of raw materials and equipment, contributing to operational productivity.

OUR SPECIALIZED SERVICES AND EXPERTISE  
MAKE US A VALUABLE PARTNER FOR THESE  
CRITICAL SECTORS.
